Dear Parents/Carers

28th September 2020

NHS COVID-19 App

We are asking you all to download [NHS Covid19 App](#) and share the communications to encourage others to download it as the simplest way to help protect those we love.

The NHS COVID-19 App is part of the large scale coronavirus (COVID-19) testing and contact tracing programme and will be used, alongside traditional contact tracing, to notify users if they come into contact with someone who later tests positive for coronavirus – helping to keep us all safer.

The NHS COVID-19 App alerts people at risk of coronavirus, asking them to isolate before they potentially pass the virus on to others as well as providing local area alerts and QR venue check-in.

The app will help the NHS understand if the virus is spreading in a particular area, and so local authorities can respond quickly to stop it spreading further and save lives.

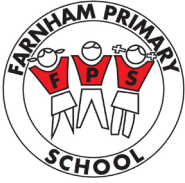

The app does this while protecting a user's anonymity. Nobody, including the government, will know who or where a particular user is.

As ever we thank you all for your support.

Yours sincerely

Mrs B Bains

Mr D Quick
