

Pupil Premium Strategy from September 2020 to July 2021 - intended use for academic year 2020-2021

- children who are looked after by the local authority

2. A summary of the main barriers to educational achievement faced by eligible pupils at our school

Farnham Primary School is set in an inner city ward in Bradford. There are many social and economic challenges that our community face. Some of these challenges have an impact upon educational achievement; the pupil premium grant helps us to remove some of these barriers and raise attainment.

These are the barriers for some of our families:

- Low levels of education and educational aspirations amongst families
- Low levels of communication and language development and lack of relevant play skills and experiences on entering nursery

- Lack of wider life experiences outside of the home and school
- Complex family circumstances leading to poor routines and organisation in the home
- Poor social and emotional health and poor nutrition

3. How we will spend the pupil premium to overcome those barriers and the reasons for that approach
