

Holiday Project - Summer 1

Our new geography topic is all about The Mediterranean. Have a go at least one of the challenges below to support your learning for next half term!

<p>1) Can you write a brilliant story set in a Mediterranean country?</p>	<p>3) Write an acrostic poem for 'MEDITERRANEAN'</p>	<p>5) Invent a game that involves holidays. Write instructions on how to play it. Make sure it is laid out correctly and uses imperative (bossy) verbs. It could be a board game or a game to play outside!</p>	<p>7) Use the blank world map to draw and label the 7 continents and 3 Mediterranean countries.</p>	<p>9) Have you ever eaten food from a Mediterranean country? What was it called? Did you like it? Describe what it was like?</p>	<p>11) Invent your own country. Draw and write about what it is like! Think about landscape and climate, food and drink, population, houses, transport, activities available on your country. You could even design a flag for it.</p>
<p>2) Design a fact file on a country of your choice.</p>	<p>4) Write a letter to a child living in a Mediterranean country of your choice. Include at least 5 questions. Share facts that are same and different about the U.K. and the other country.</p>	<p>6) Choose 2 Mediterranean countries and find out different facts about them. Are there any similarities or differences? Write 3 sentences to show what you have found.</p>	<p>8) Research and record which Mediterranean countries have the most tourists (visitors) a year. Investigate whether tourism is helpful to these countries. Why/why not?</p>	<p>10) Mediterranean countries speak lots of different languages. Do you know any words in a different language? Write the words, and their English translation - do NOT worry about spellings!</p>	<p>12) Design a poster to persuade people to go on holiday to a Mediterranean country. Make your poster interesting and eye-catching!</p>
