

## Farnham School News Week ending Friday 9th May 2025

# Farnham School News

# <sup>9</sup>In nursery we are thinking about things that grow, so this

Nursery

### week we have planted some seeds. We hope they grow

### into cress.

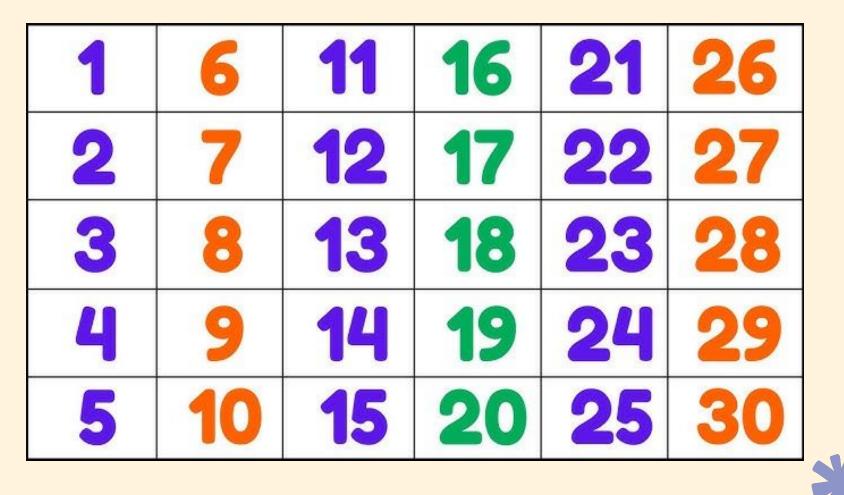

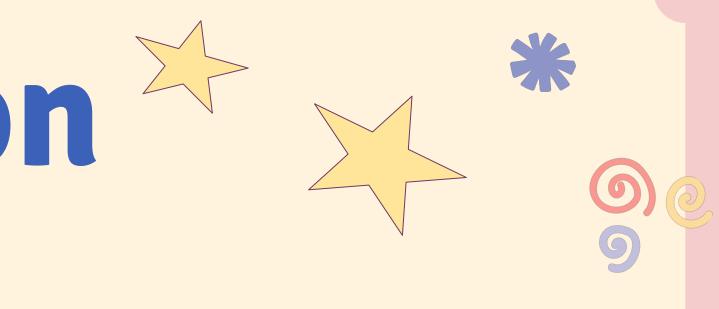

Reception

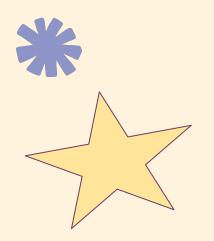

This week, we explored numbers up to 30 using a ten frames to help us understand how numbers are made up of tens and ones. We also practiced our counting to 30 whilst moving our bodies.

In literacy, we began reading *What the Ladybird Heard* by Julia Donaldson. The story follows a quiet ladybird who overhears two thieves planning to steal the farmer's prize cow. She devises a clever plan to stop them, and with the help of the other animals, they save the cow. The children enjoyed joining in with the animal sounds and spotting the glittery ladybird on each page. It was a fun and engaging week for all!

In English we have began writing and drawing a scene on our story boards from the story 'On the way home'.

In maths we have been learning all about making equal groups. We did this by grouping and sharing different objects.

In science we have been identifying different birds by writing key features about them.

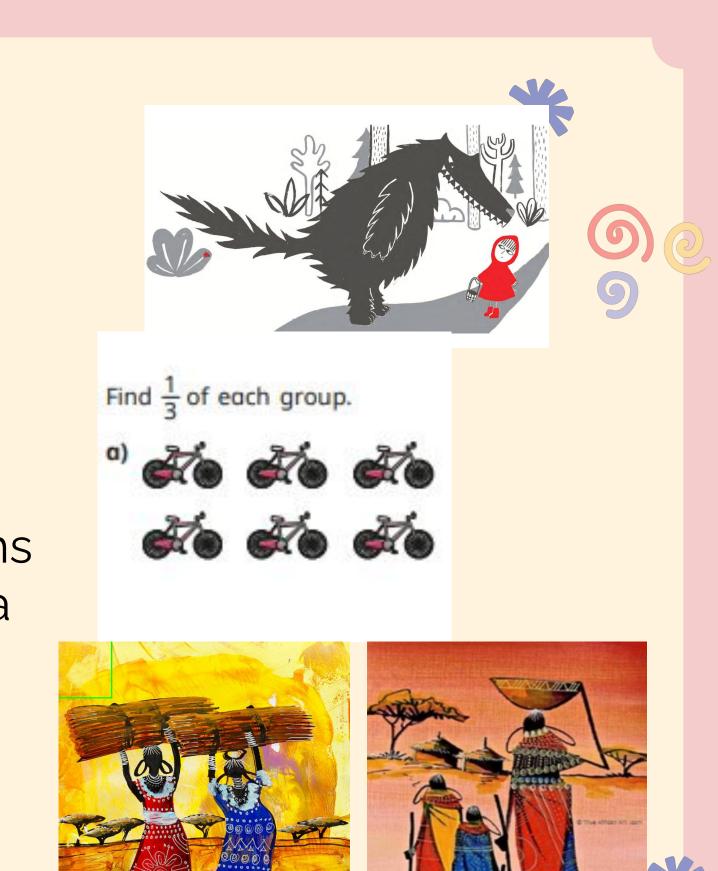

In writing, we have started gathering ideas on
what we would like to include in our setting descriptions in rold of 'Little Red'.

We are continuing our work on fractions in maths looking at  $\frac{1}{4}$ 's and  $\frac{1}{3}$ 's even though it has been a bit tricky!

In Art, we have studied the works of Martin Bullinya and started re-creating some of his beautiful paintings inspired by his Masai culture.

### Reading

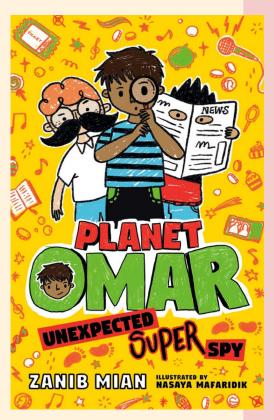

In reading, we have finished the book 'Planet Omar: Unexpected Super Spy". We were shocked to find out who stole the missing money and that some of our predictions were correct! Maths

We have been learning about capacity and volume. We created our own potions making sure we had the correct volume of each liquid.

### Art

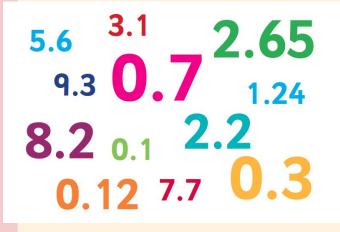

In art, we have been learning about the artist Andy Warhol and the style of pop art. We have created our own print in this style and are excited to have a go at our final design with our parents in our workshop this afternoon.

## Year 4

In writing, we have begun to write a diary entry in role as the girl from our story 'The Promise'. We are using our knowledge of the grammatical features and applying them in our work.

In maths, we are continuing our work on decimals, we have been ordering and comparing them.

In history, we have been completing work on Egyptian hieroglyphics. This was the language of the Ancient Egyptians. Archaeologists used the Rosetta Stone to uncover what the symbols meant.

## Year 5

### Writing

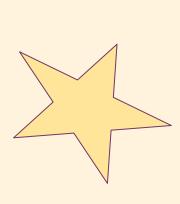

In writing we have been working on writing a flashback from Father's point of view, of the story The Arrival.

### **Maths**

We have been looking at adding and subtracting decimals this week during maths.

### **Science**

Which is the best material for thermal conductivity? We investigated this in our science lesson this week, looking at which material would keep the water temperature warmest, the longest...

OThis week we have been completing our final pieces of revision. We have all enjoyed playing revision games in our lessons and putting our skills into practise.

In reading, we have been continuing to work on our retrieval, vocabulary and inference skills.

In writing, we have continued to revise our active and passive voice, verb tenses and expanded noun phrases.
