Reception

We had a visit from Dave the farmer and all his animals and it was amazing! We got to meet an alpaca, some sheep, a goat, ducks and chickens. The alpaca was so fluffy, and the chickens even laid an egg. We loved petting the animals and feeding them - some of them had really tickly noses. We even got to walk a few of them, which was so much fun. It was one of the best days ever and we didn't want the animals to eave

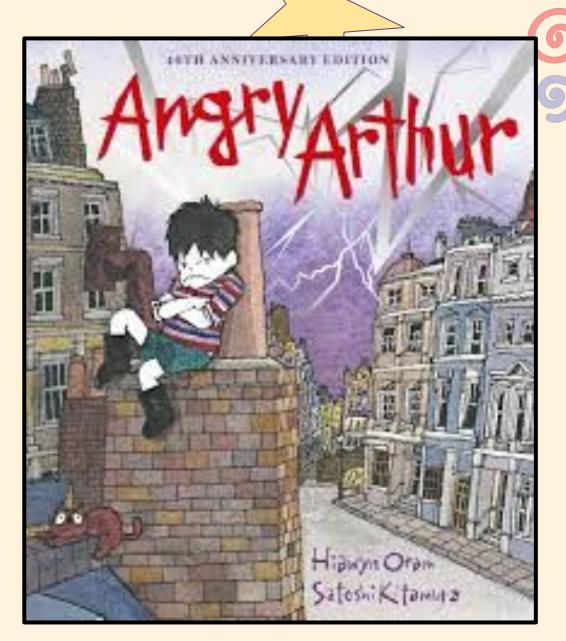

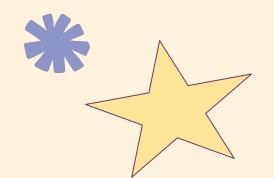

Year 1 have been describing different settings such as space and the park. We have written some questions about the settings for our friends to answer.

In maths we have been adding numbers up to 20 and practicing our number bonds to 10.

We enjoyed reading Angry Arthur during our Story Project time and have looked at the scale of emotions from grumpy to furious. We have also thought about what we can do when we do get angry.

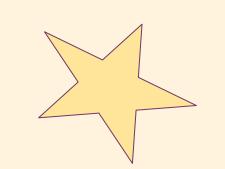

Year 2 have started their new unit of statistics in maths. They have been looking at tables and tally charts and how they work.

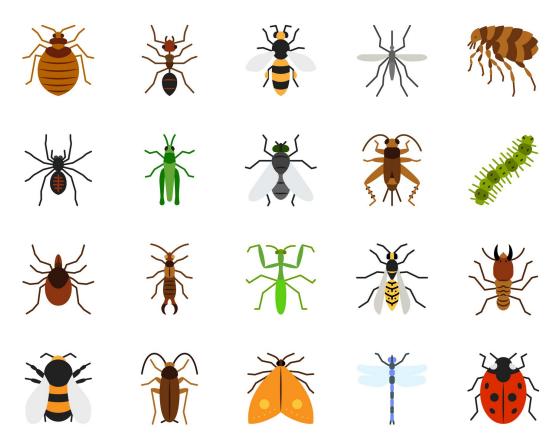

In English children have been using their geography knowledge to start writing a recount of 'coasts'.

In science Year 2 went on a 'minibeast bug hunt'.

They went to the nature garden and found ladybugs, worms, bees, centipedes and moths!

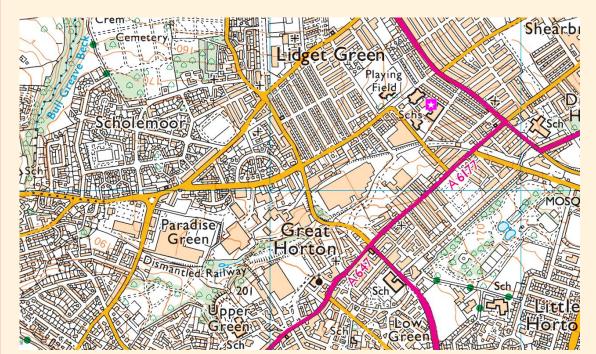

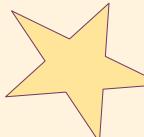

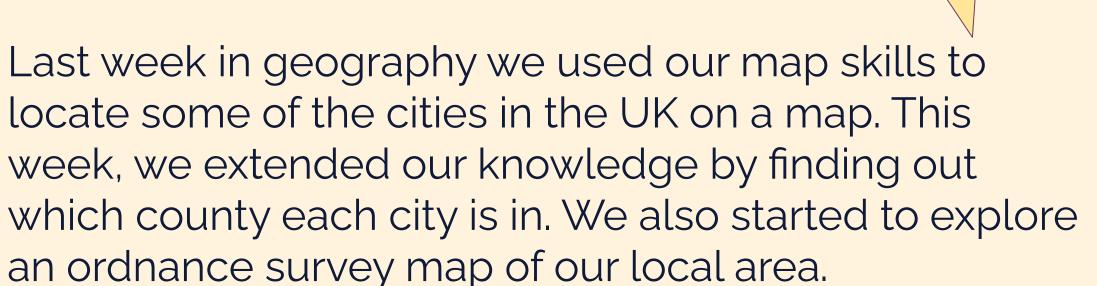

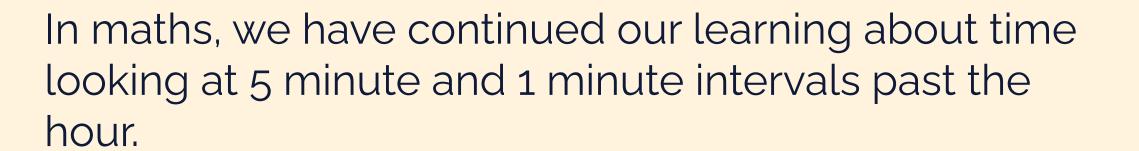

In reading, we had lots of fun getting into the role of the main characters in *The Creakers* and performing in a reader's theatre. We showed fantastic cooperation in our groups and confidence sharing our performances with the class. The adults were so proud of us!

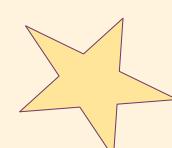

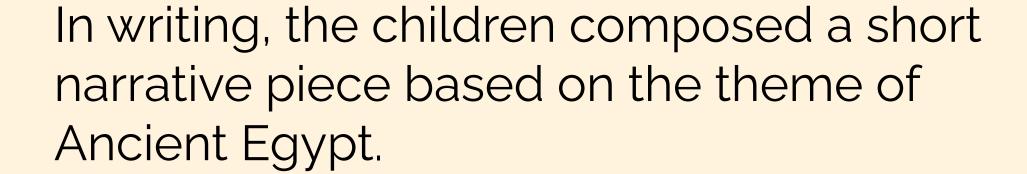

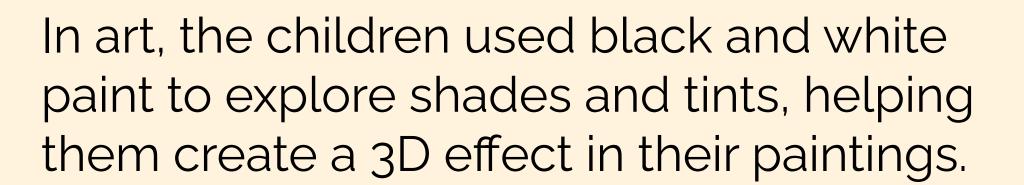

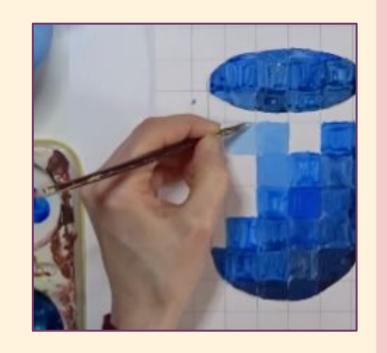

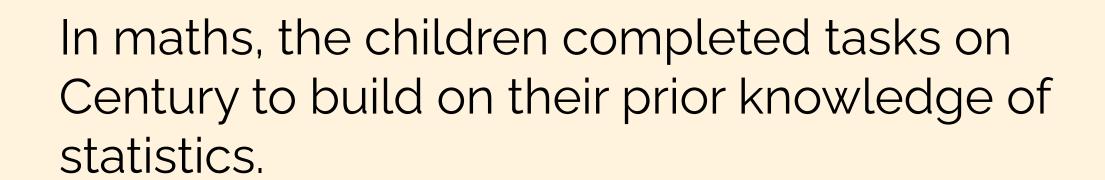

We have used the Now Press Play headphone experience to immerse ourselves into the world of Tudors. We rode a horse and saved the queen from a poisoning!

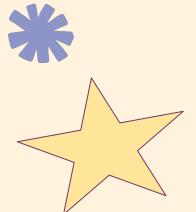

In writing we have performed our balanced arguments whether school uniform should be banned. We are very undecided on our decision as the arguments are so strong!

In geography we have researched the Mojave Desert and put this into our computing web page design. Did you know there is a desert in all 7 continents, even Antarctica?

In English, we have been working hard to edit and improve our writing. We were moderated by another school this week and they said our writing was fantastic!

In maths, we have enjoyed producing using 2d shapes to help produce different character and designs linked to our art.

In reading, we have enjoyed completing our presentations for the book talk challenge - we have some wonderful entries!
