

Farnham Primary School

'Together we discover, believe & achieve.'

Monday 19th January 2026

Dear Parents and Carers,

Change of School Uniform Colour and School Logo from September 2026

We are writing to inform you of some upcoming changes at school, including an update to our school uniform and school logo, which will come into effect from **September 2026**.

As part of the ongoing improvements being made across the school, we have taken the decision to update the colour of our school uniform to **bottle (dark) green**. This change reflects the positive developments within our school community and supports a refreshed and consistent school identity as we continue to move forward.

Alongside this, we will also be updating the **school logo** to align with these improvements and the new uniform colour. We recognise how important it is that our school community is involved in this process, and we will be sharing further information in due course about how parents and pupils will be consulted as part of the decision around the final logo design.

We understand that changes to uniform can have an impact on families, and we want to reassure you that this will be introduced carefully and thoughtfully. There will be a transition year, during which children will be able to continue wearing their current school uniform. During this period, both the existing uniform colour and the new bottle green uniform will be accepted.

To further support families with the transition, the school will be funding a new jumper or cardigan in dark green for pupils. Further details about how and when these items will be provided will be shared closer to the transition period.

We hope this approach ensures that the changes are introduced smoothly and in a way that supports all families. We appreciate your continued support as we continue to develop and enhance our school environment together.

If you have any questions, please do not hesitate to get in touch.

Kind regards,

Mrs S Keenan
Headteacher
